Camosun Scanning Project

2020

The project is to supplement the Camosuns done by UVIC from 1906-1945 and stored at:

https://archive.org/details/camosun?sort=-date

Alumni Members (1969) of the project

The Victoria High School Alumni Association is indebted to the generous alumni who spent hundreds of volunteer hours scanning Vic High Camosuns so they can be more easily searched by the dedicated Alumni volunteers who manage the school's historic archive collections. The Vic High Spirit is alive and well and always will be.

Victoria High School

Founded 1876

Victoria High School is the oldest public high school in North America west of Winnipeg and north of San Francisco. It was opened on August 7, 1876, to a class of twelve girls and twenty-two boys. The first Victoria High School was a log building with two classrooms, located on the grounds of Central Jr. Secondary. By 1882, the facilities of the log building were inadequate and a new building, later known as Boys' Central School, was opened. On May 1, 1914, the fourth Victoria High was opened on the new location, Grant at Camosun. The Fairey Technical-Vocational Unit was opened in 1949, and the main building was enlarged in 1956. These buildings, with their extensive grounds and ongoing renovations, provide first class facilities for our student body for now and into the future.

Celebrate Our Differences

School Mission Statement

The staff of Victoria High School will seek to encourage the students to acheive the highest level of academic standards and personal development possible. They acknowledge that the student population is diverse; accepting the differences among the students, the staff will be positive in providing excellent education to this varied clientele, and flexible in approaching their needs.

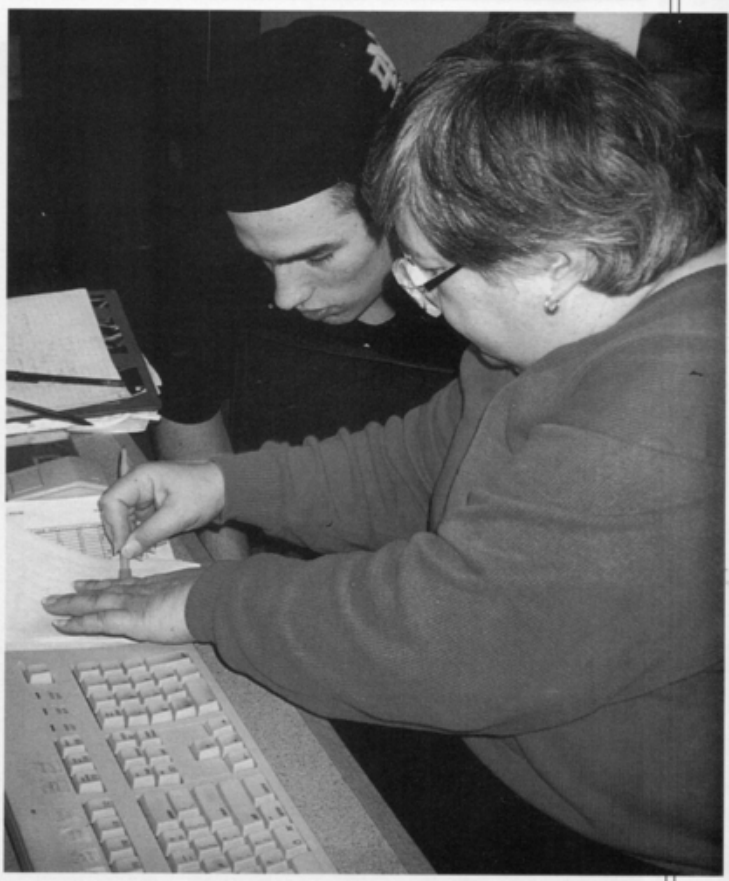
We are a macrocosm-
with a principal who acknowledges the value of dreams-
dreams that are both creative and attainable-
in a safe environment, where caring and sharing
are both encouraged and have become commonplace.

Denis Harrigan - principal, teacher, parent and friend - continues the tradition
of fine principals who have provided the leadership
for British Columbia's first secondary school.

We are a macrocosm
with a staff that serve as a vehicle
for attaining our dreams... and much more.



We are a macrocosom,
with dreams that are played out through our many sports teams, clubs, events, programs. . . and much more.

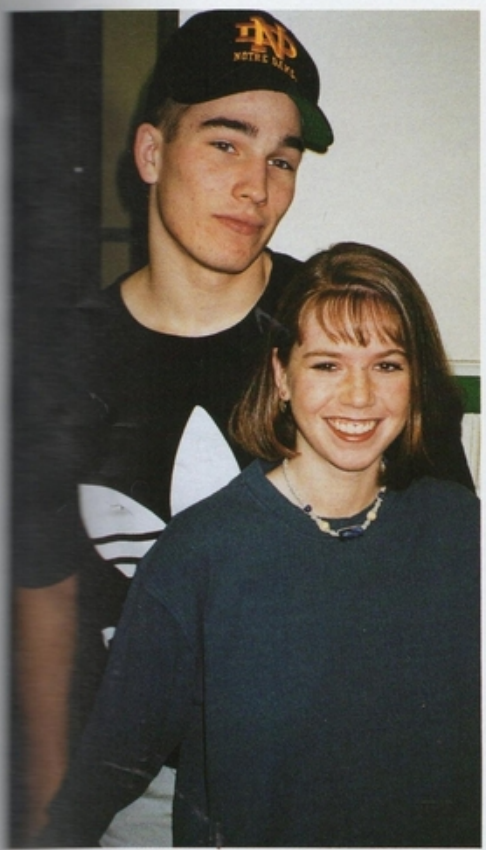
We are a Macrocosm,
with dreams of fantastic...
We are the first!

classroom parties... and much more! We are the finest!

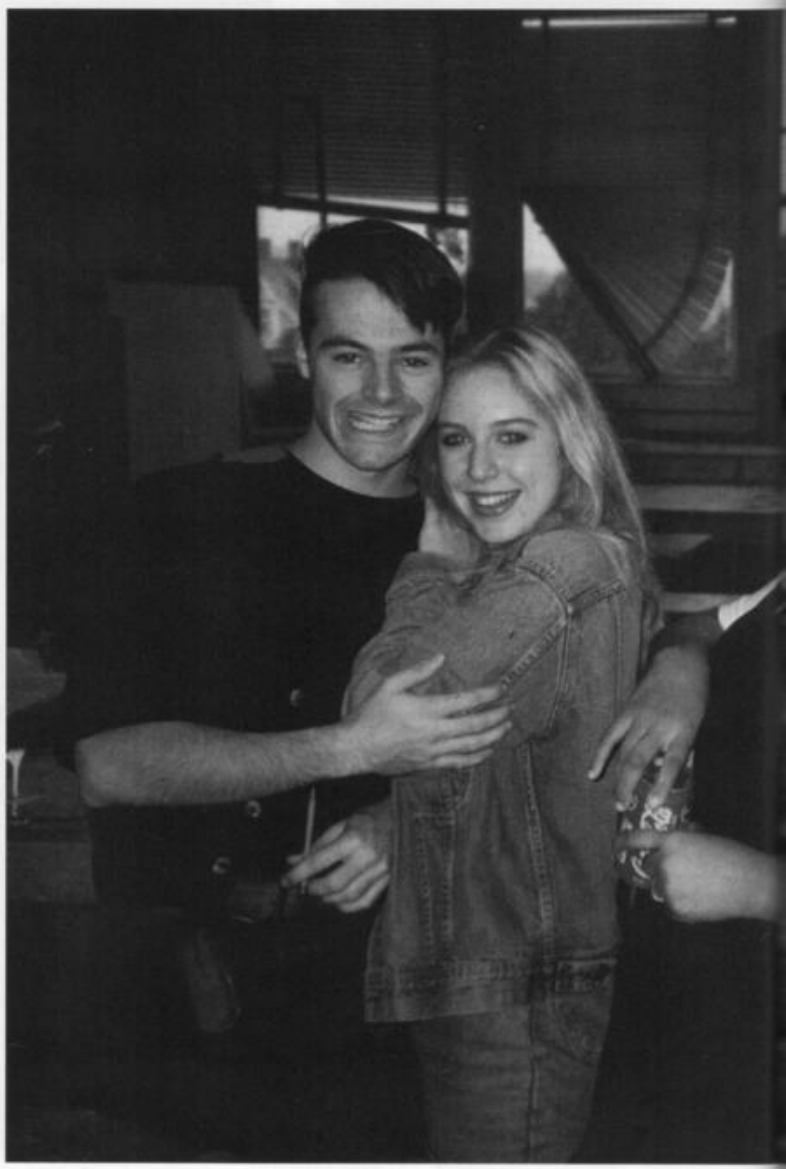
We are a Macrocosm, with so many friendly faces

always ready to listen, to share, to care

always ready to smile...
and much more.

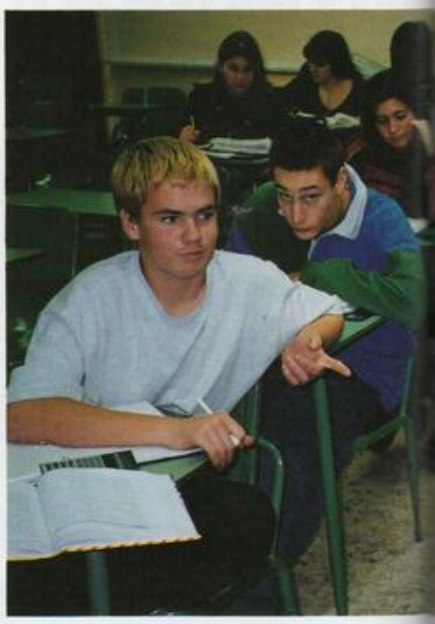


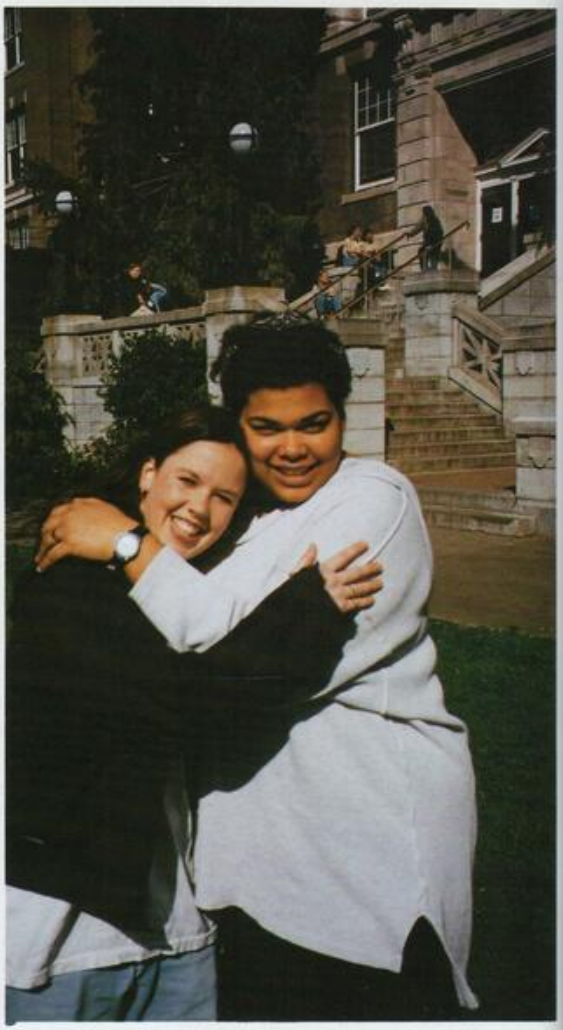
We are a macrocosm,
that are genuine
and



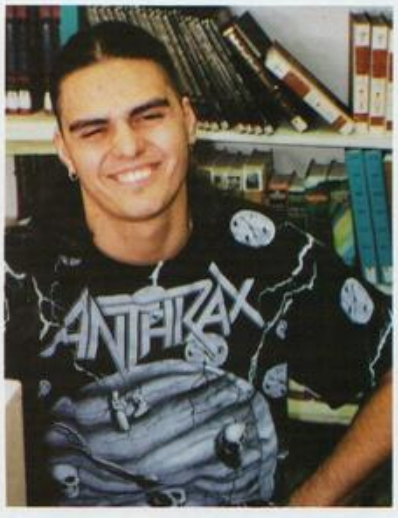
with relationships
and unique. . .
much more. . .

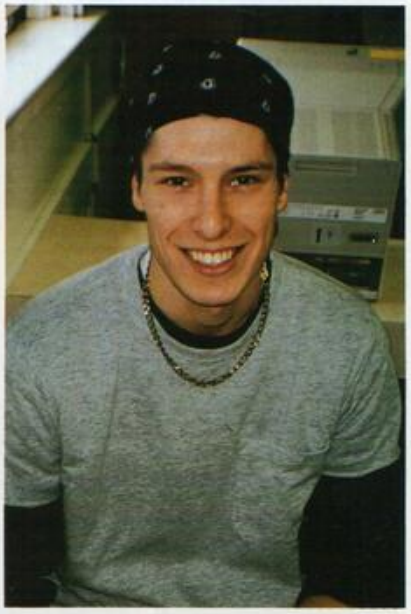
We are a macrocosm, worth remebering. We celebrate our differences. We are worth knowing - now, and for all the years to come.





So please join Pipka, Tanis, Kate, Ivy, Leah and all of us in exploring the memories of our 119th year of Victoria High School.





We are proud of our macrocosm
of our dreams,
of the legacy of our predecessors,
of our diverse programs,
of who we are.

We work hard to achieve this pride,
and to share our feelings.

We strive,

in our own exccentric ways,

to balance stability with new achievement

to balance change with continuity,

and like graduating student Hannah Dolphin,

to attain our dreams.

Our Legacy

Founded in 1876,
from the dreams of
proud past...

To the legacy of
learning...

And the celebration
of change...

It's a proud
eccentric past...

An exciting present
for our macrocosm...

And a future of
hope for the
Anthropoids that
learn within it.

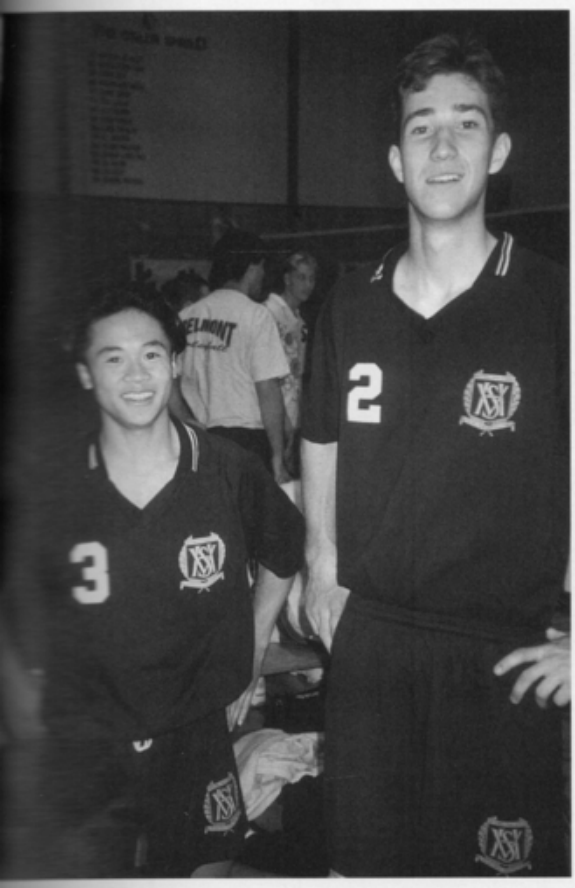
Above: On an Art Club trip to Granville Island we see a demonstration of the real Victoria High Spirit by Zoe Crabtree, Hannah Unger, Ali Dumont, and Oliver Delore.

Top Right: The eccentric differences of the Volleyball team.

Far Right: Alison Dohle, Lindsay Bergen, Robin Williams, Jessica Nylen, Ginger Swain and friends remember each other.

Bottom Right: A particularly young looking Drama 11 Class learns to smile.

The Center Macrocosm



Everyone of us helps to celebrate our differences...

Every Day...Every Student counts...

Every Member of the Macrocosm has a dream....

Everyone has a face that needs to be remembered...

So here is the place where we do that remembering...

The Center of the 1994/1995 Victoria High School Camosun.

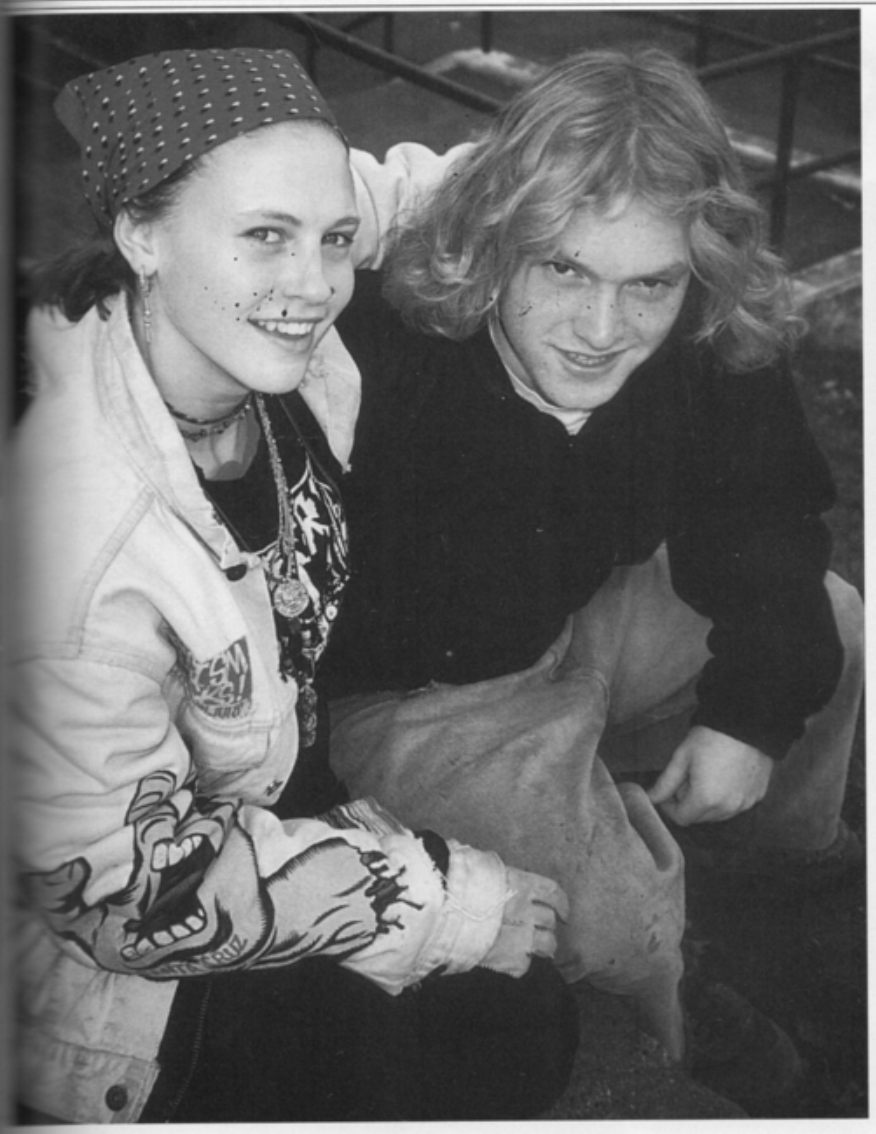
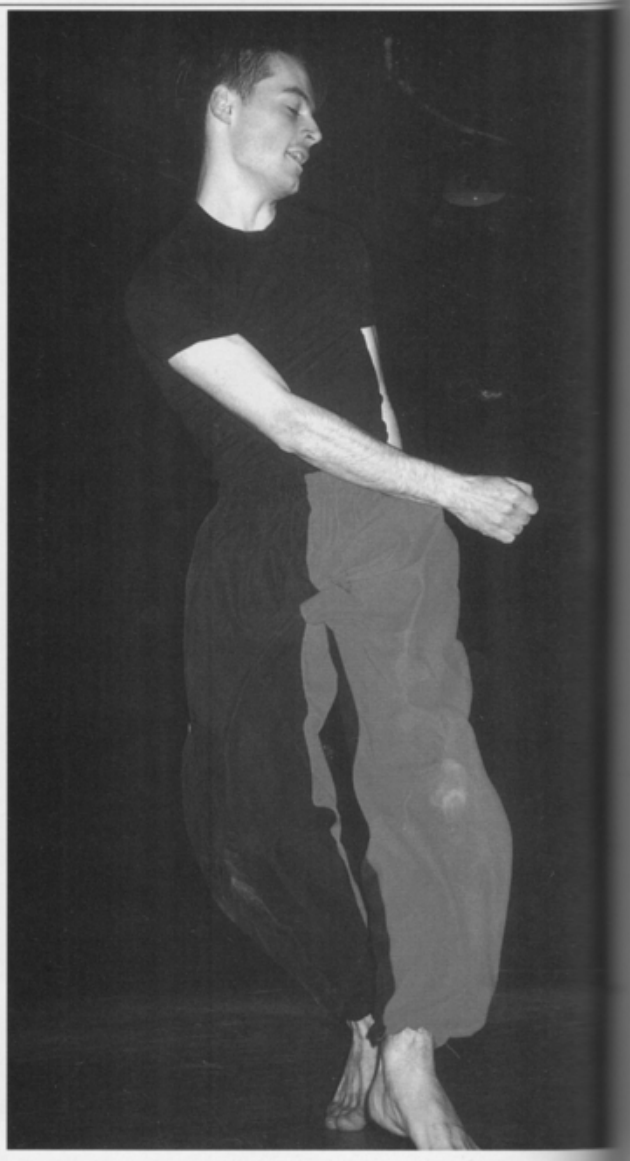
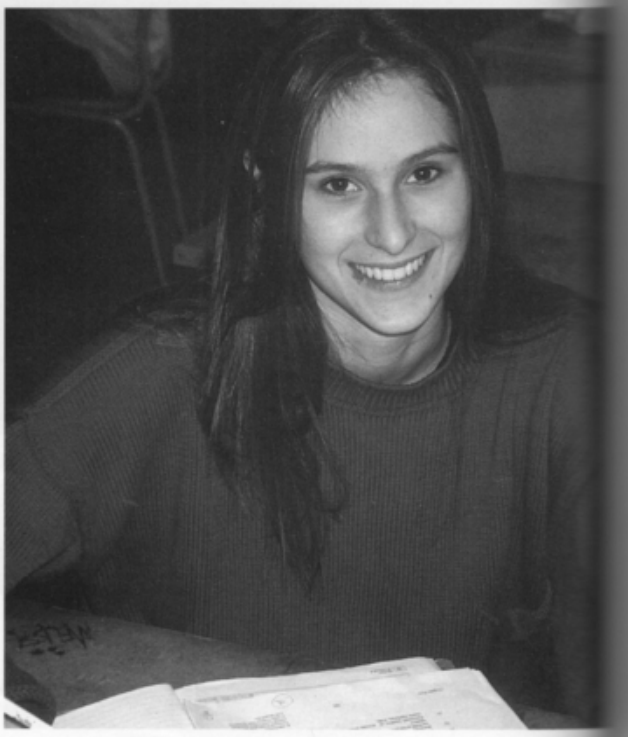
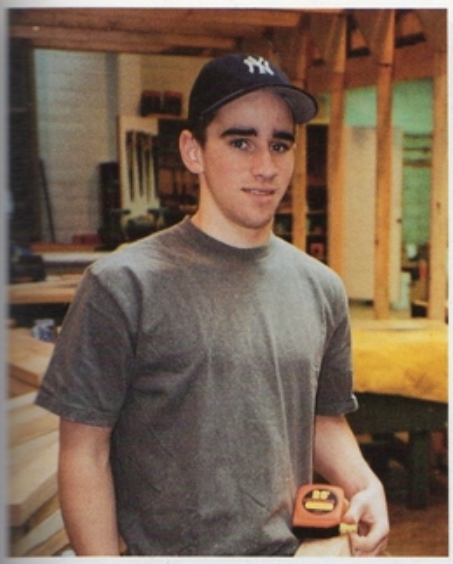
We Are Vic High 1995 A Macrocosm of



Eccentric Anthropoids!







Building the Joy!

From Mitra to Arrand to Renee to Jodi to Kalon to Allison to Maggie to Elizabeth to Zoe to Sarah and everyone else...

From Alison, with her warm, fuzzy eccentricity on the inside...

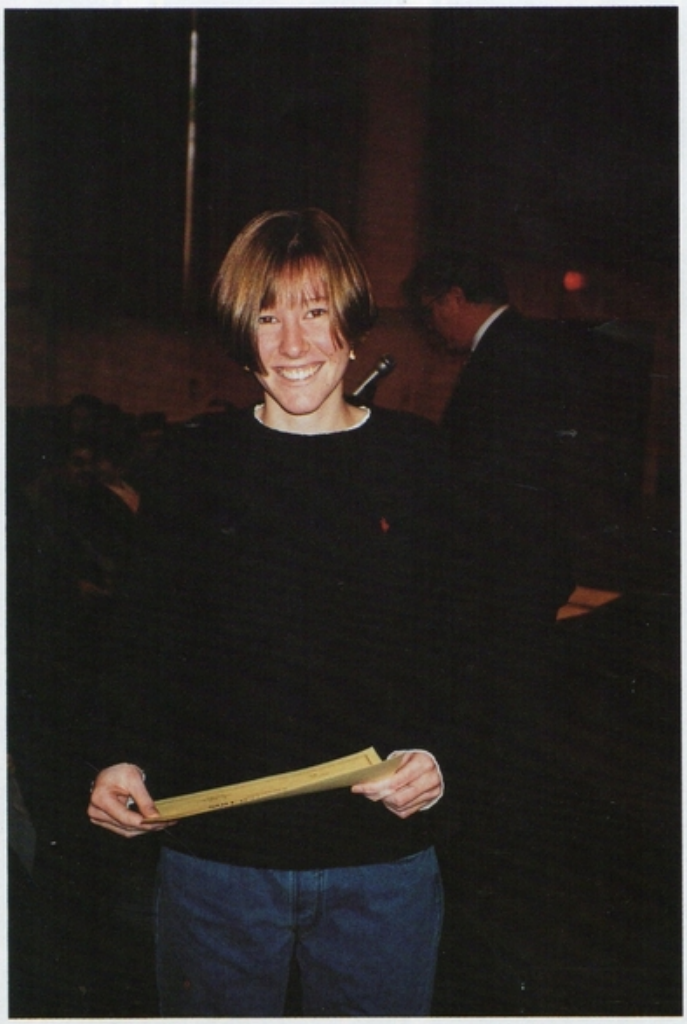
to Susie, just eccentric...

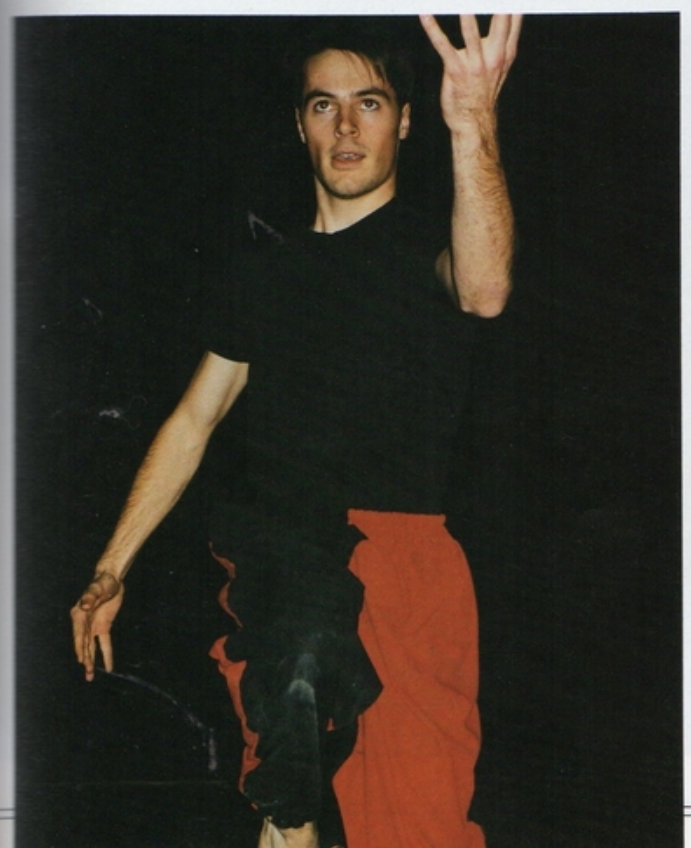
to Seth, Caleb, Dano and all those other male bonding types, it is that egotistical, fuzzy eccentricity on the outside...

Feeling the Joy...

to Vanessa it is that stylish field hockey squint...

to Louise it is that stylish honor roll style...





to Aidan it is just style!

Beyond the Joy...

Beyond the Joy of eccentricity we reach a state where we find a sense of true abnormality.

How do we know we're here you ask? We know, because these are the times in our lives when we start to let the systems around us define who we are.

So from the class of '94 and the class of '96, it's time to wish the class of '95 a formal congratulations in your graduation.

In graduation, this is the time when we all have a chance to conform in the ultimate way--have your graduation photograph in the Vic High Annual.

Congratulations!

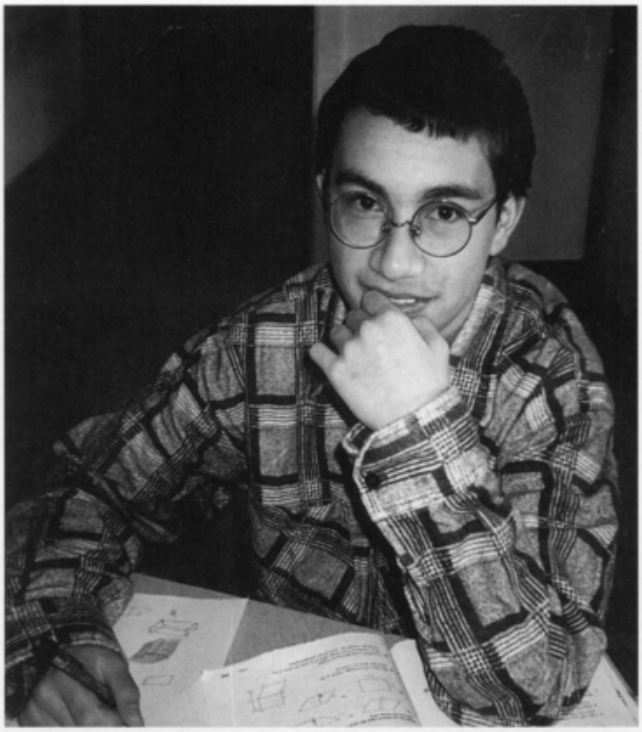
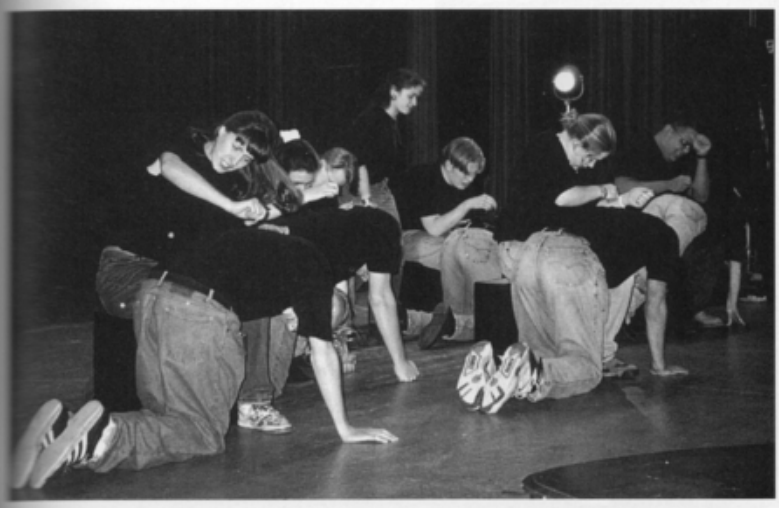
CHANGES



CHANGES: A PROUD TRADITION



Hundreds of staff members
have influenced
thousands of students
in the past 100 years at
Victoria High.

The students, in turn, have
had an influence on the staff,
and later on our society.
No one has left the School

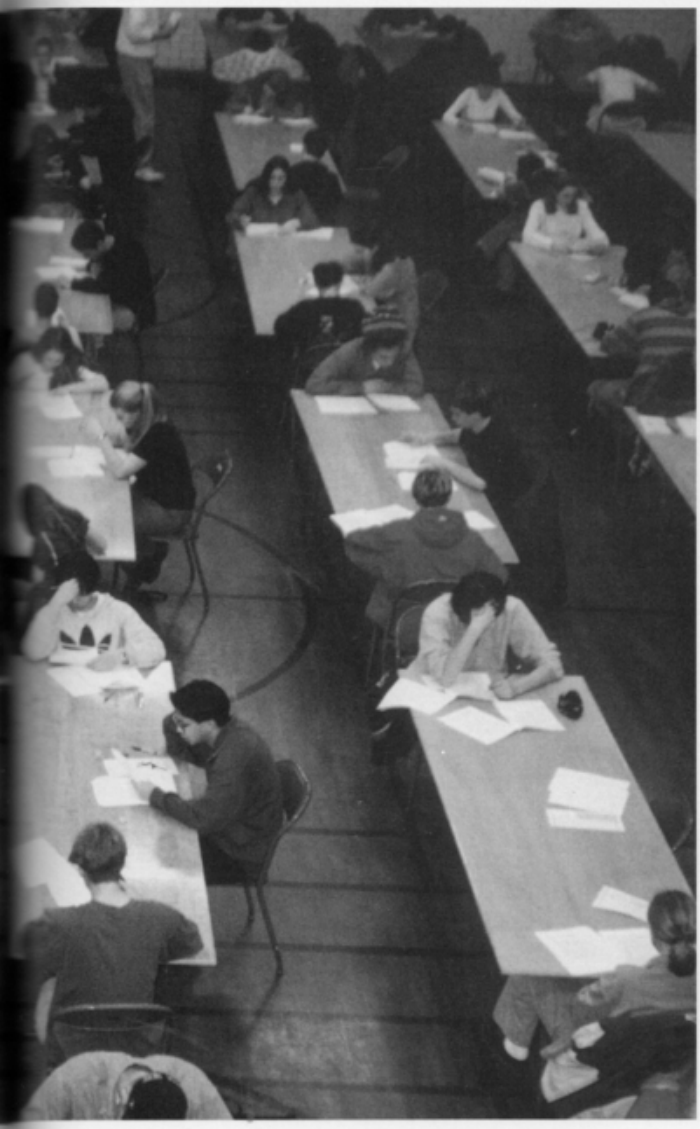
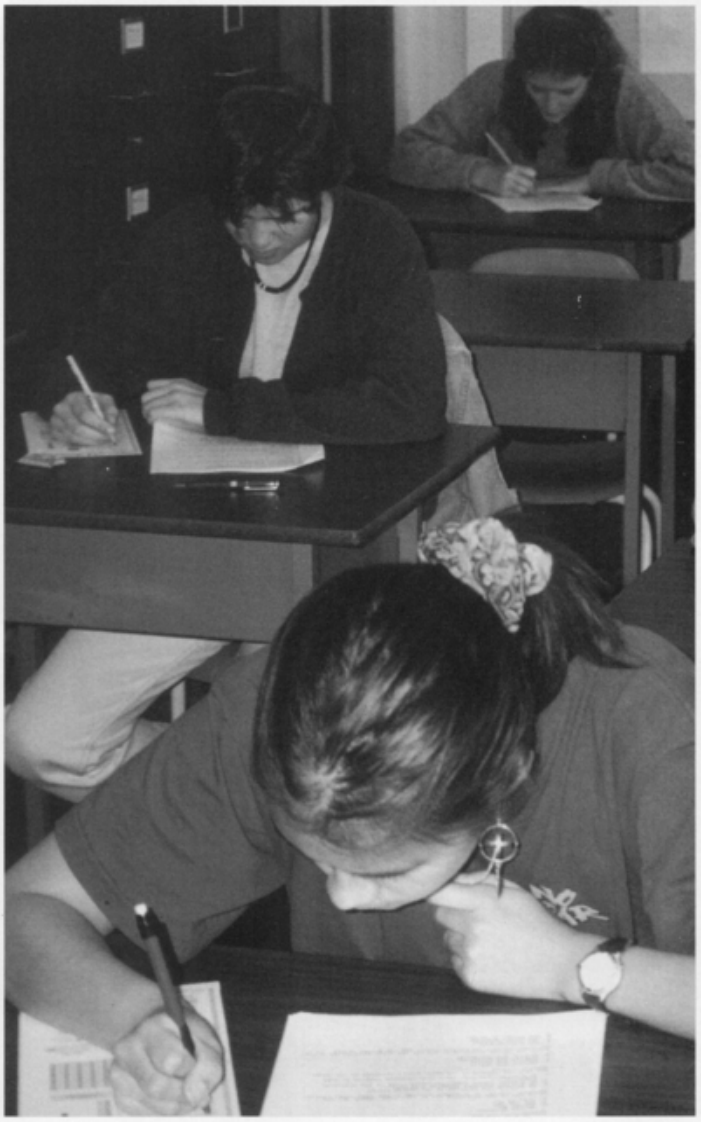
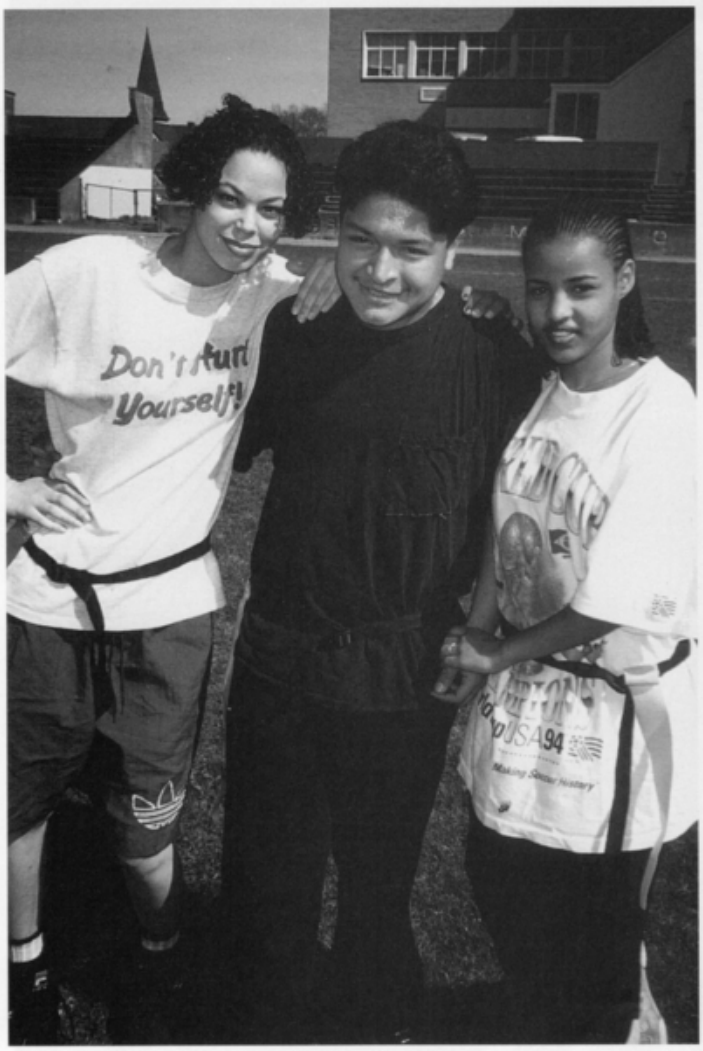
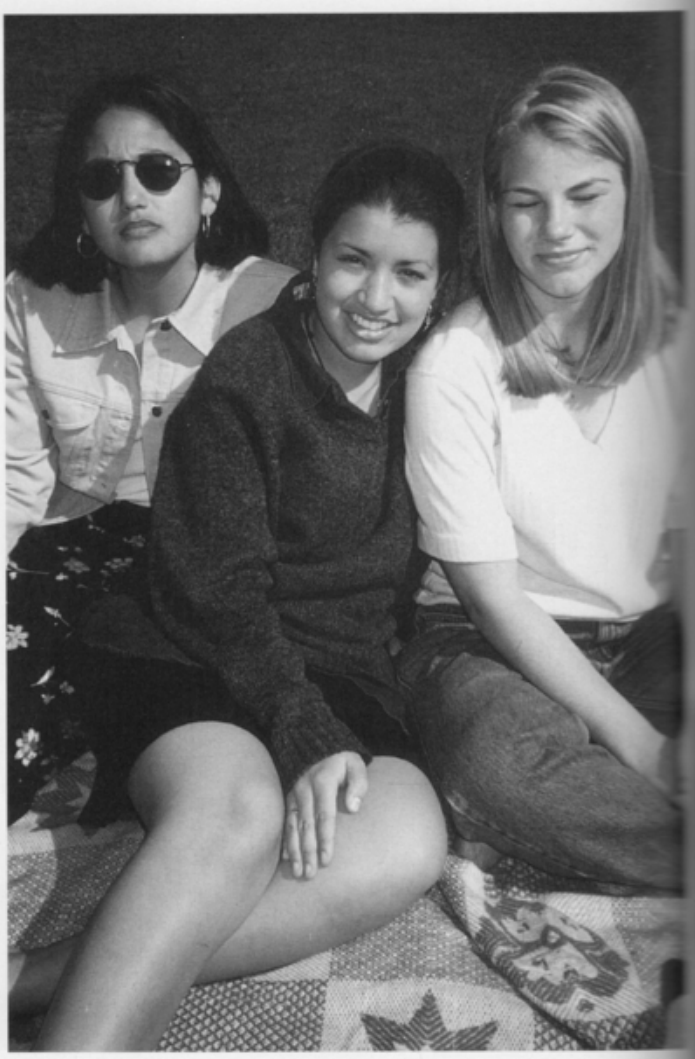
OF THE OFFICIALS WITHOUT QUESTION



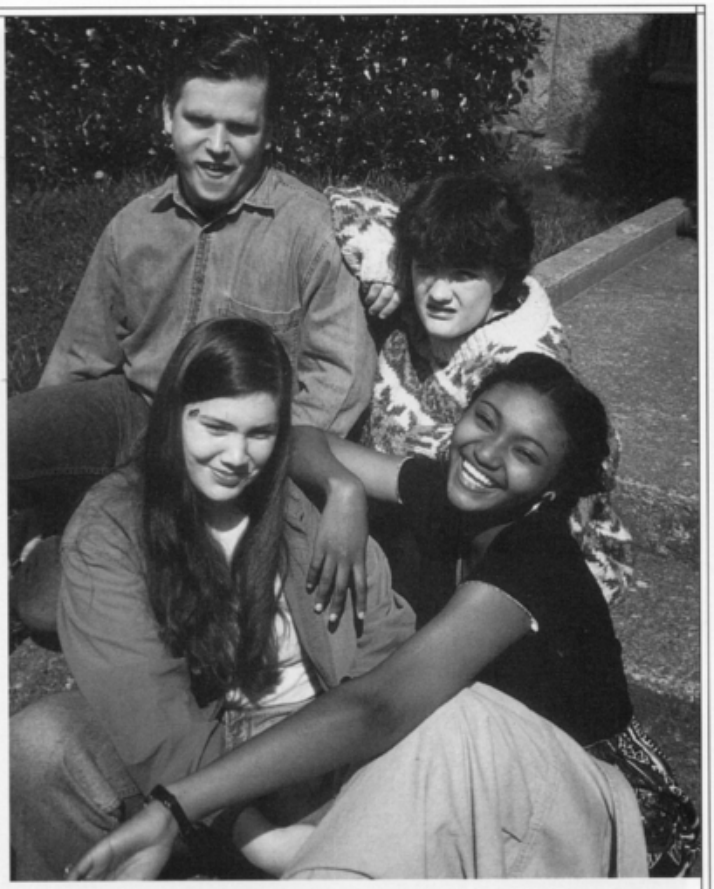


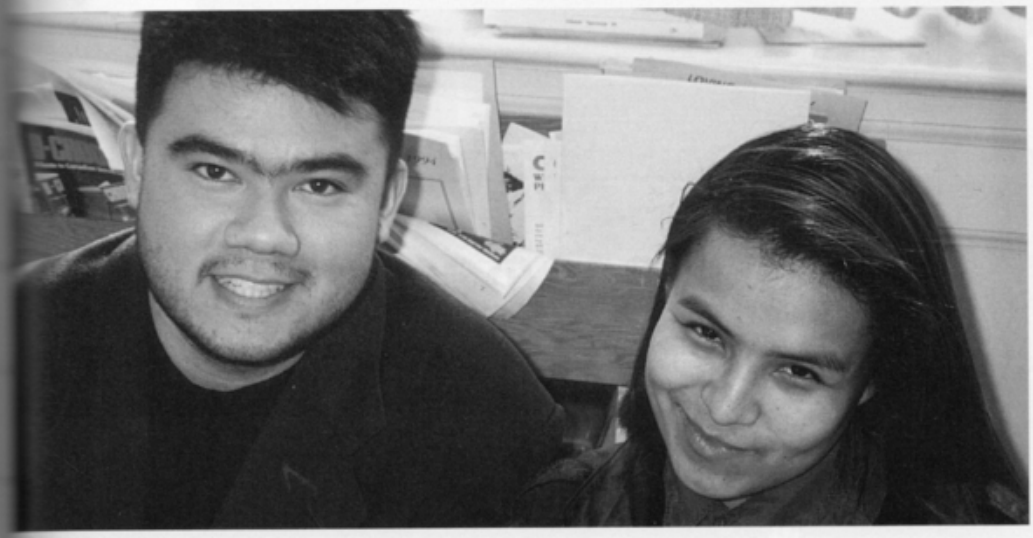
This section is in dedication to the diversity of the people of Victoria High and to all the people who help to keep our school racism free.

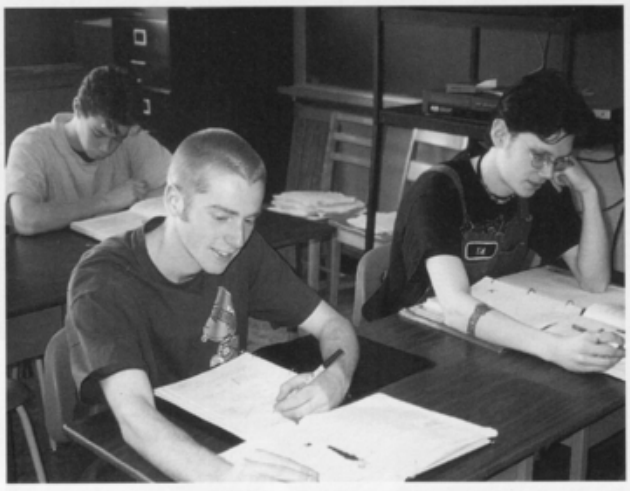




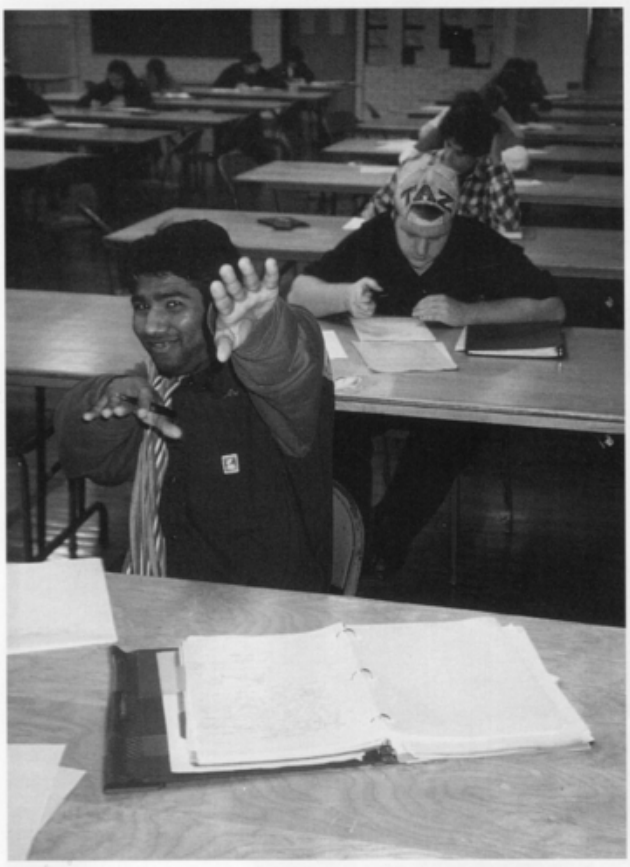
Racism will not be tolerated (by staff, students and parents) in any form and action will be taken to ensure this occurs.

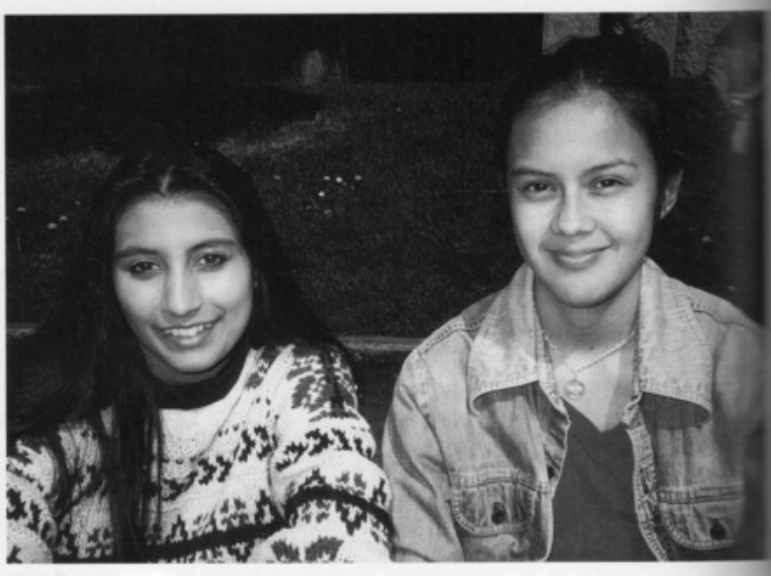






An accompanying code of conduct will be created by the staff, students and parents to ensure that we will become a Racism Free School.





Retiring teacher Mary Nemeth embodies the high standards of tolerence towards all people that our school enjoys...

I would like to thank the wonderful students and staff at Victoria High School with whom I have had the opportunity to work with over a decade. Our students and staff show respect for each other as well as having a tremendous sense of camaraderie. The hallmark of Vic High, in my opinion, has always been the ready acceptance of each student as an individual in his or her own right. My dream is that Vic High will continue to be a multicultral, anti-racist, and anti-violence school where all can learn, teach, and work in an environment of safety, understanding, and respect for one another. It is my hope that all who attend our school will perpetuate the traditions of peace and harmony which have made my years at Vic High so memorable and personally rewarding.

Good bye, but au revoir

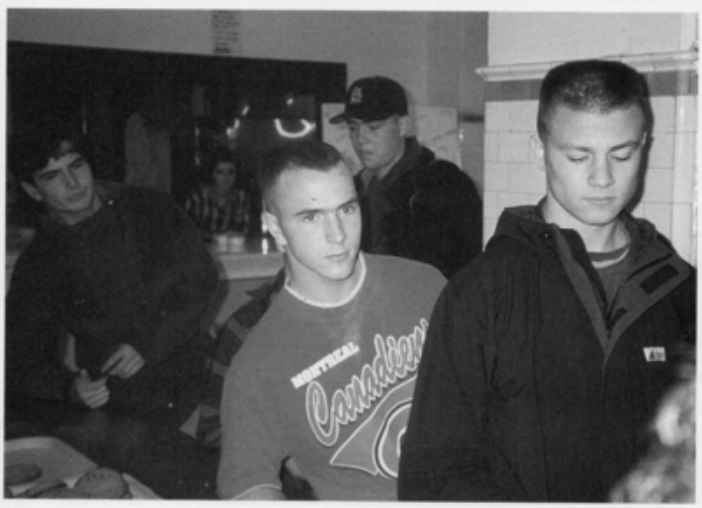
You Make The Food So Ediable



Wendy Neumann 1989-1995 Retiring teacher

People often ask me, "What makes Vic High special?" The answer is simple - "How the students accept and care about each other." You always make all people feel welcome and at home. Your warm attitude and great interpersonal skills will be an asset that will help you to reach your aspirations and dreams. You have also learned to think creatively and to solve problems these skills and experiences will help you to make the world a better place. Remember the greatest resource is the gold mine within you. Treasure your sensitivity for others and you will always be productive and happy. Thank you for making my years at Vic High meaningful and fun. I feel honored to have been your consellor.

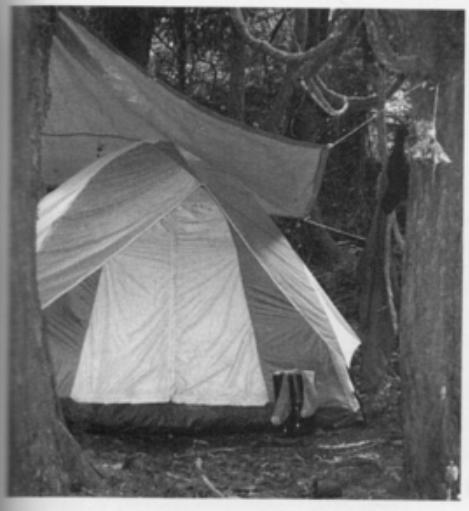
OUTDOORS



MY CANADA

Field Hockey: Tomahawks

This year the Tomahawks field hockey team played 16 games, won seven, lost six, tied three, had 17 goals for the team, and 10 against. This was a very competitive League, and had we been a little luckier we could have reached the B.C. championships. To concede only 10 goals in 16 games tells how well we played. Many games were decided by one goal and our biggest loss was 0-2 against the eventual B.C. champions, Cowichan. Our sweetest win was against Oak Bay by 1-0. They returned the compliment beating us 1-0 in the City Championships and we then tied 0-0 in the Island Championships. What a marvelous rivalry exists here!

Throughout the season all the players performed well, their skill level was high and their attitude exemplary. We were fortunate in having two outstanding players share the captaincy, both Vanessa Rogers and Lindsay Watt played superbly all season. Our goalkeeper, Kathleen Leangen, deserves special mention - she was fearless, agile cheerful and a source of confidence at the most critical moments.

The abiding memory will be of the circle before the start of each game and the variety of 'cheers' that echoed across the field. A special thank you to Laura Kelly who helped coach and umpired all our games, and to the parents who helped in a variety of ways. Your support was much appreciated. To our driver extraordinary, Robin Steffanick, thank-you.

Good luck to those who are leaving. I hope you continue to play long into the future. To those who are returning, let's keep the tradition alive! The players were, in grade 12: Vanessa Rogers, Kathleen Leangen, Allison Roueshe, Lindsay Watt, Hannah Dolphin, Marlyn Chow, Tricia Anderson, and Claire Foster. In grade 11: Ainsley Williams, Sharon Clarke, Nicole Stec, Brenna Sheeran, Angie Pecorelli, and Amy Perriam.

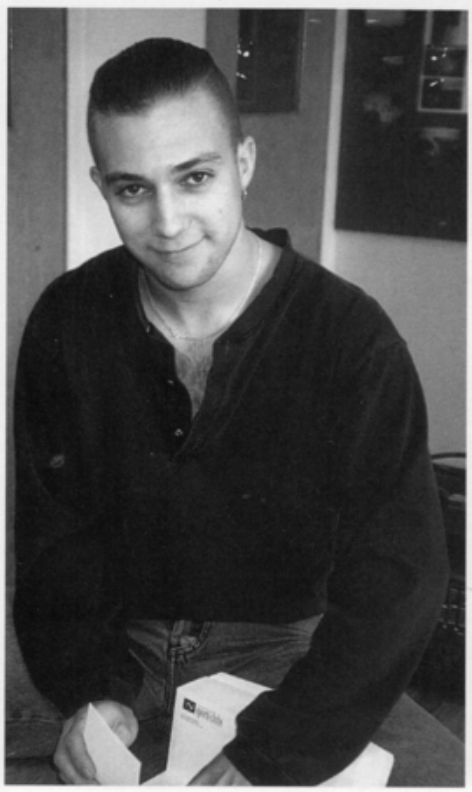
Katerina Mustofovic: Yo Gee's! You can catch me cruisin' in my turbo tercel with J.R. A.T. G.S. A.Z. A.D. S.R. I'd like to say good bye Right O Mr. Cave, anything you say. Good Luck to all the grads of '95!

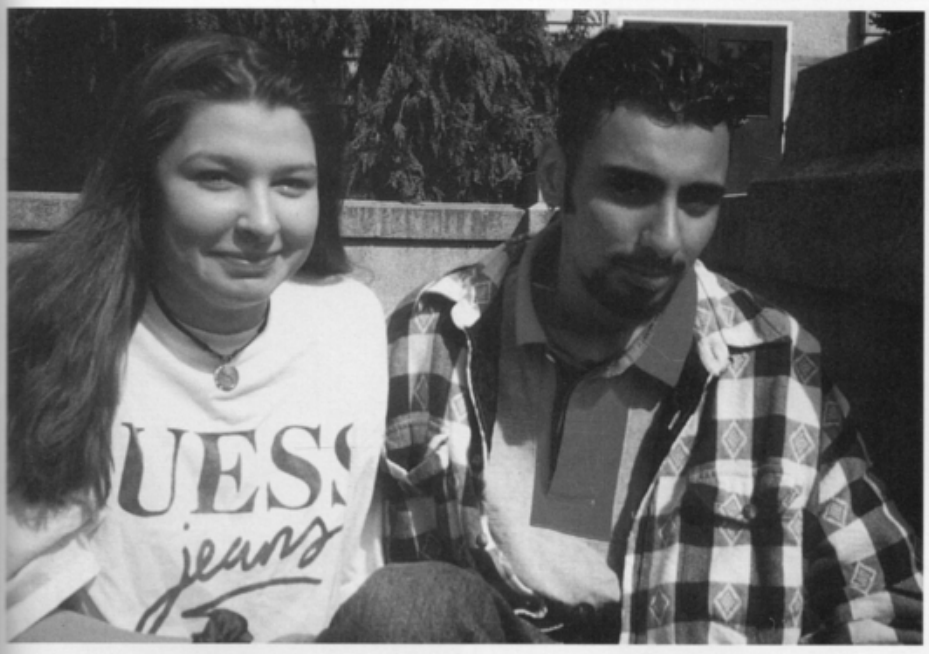
Susie Anaka: If you have never disinfected your car, may you live in the wrath of car smell forever. A lot of good an Erebag will do if you go insane. Thankx for everything beautiful. Chews to the memories and ever loved new years Pards. Love ya Darcy! Also to the weekender ziplock gang. cheers! Danish anyone? Thanx to BC ferry rides and Adam can we go now? K-bye.

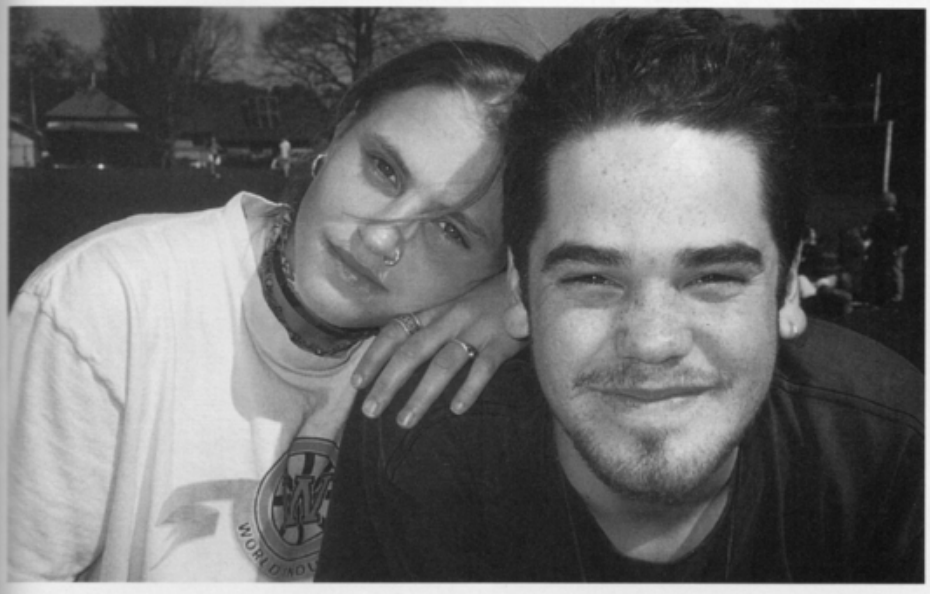
Melissa Emerson: As grade 12 finally come to an end I think "Yes. It's finally over!" Then I realize I start collage in the fall. S/M : Get rid of it you flirt! To S.S.: This is a no karate zone and no I don't want to hear about your sex life! To K.S. I will never be able to think of you as a stud unless you prove it! K.J.: I see you looking in the mirror you little @#$%"&. To Andrea: It's my personal space, so stay out of it! Jai, you are definitely good at what you do. D.U. : You shouldn't have stolen my turtle Hey ! And last but not least, to C.E. (My high school sweetheart) thanks for always being there and making me feel special. So long Vic High.

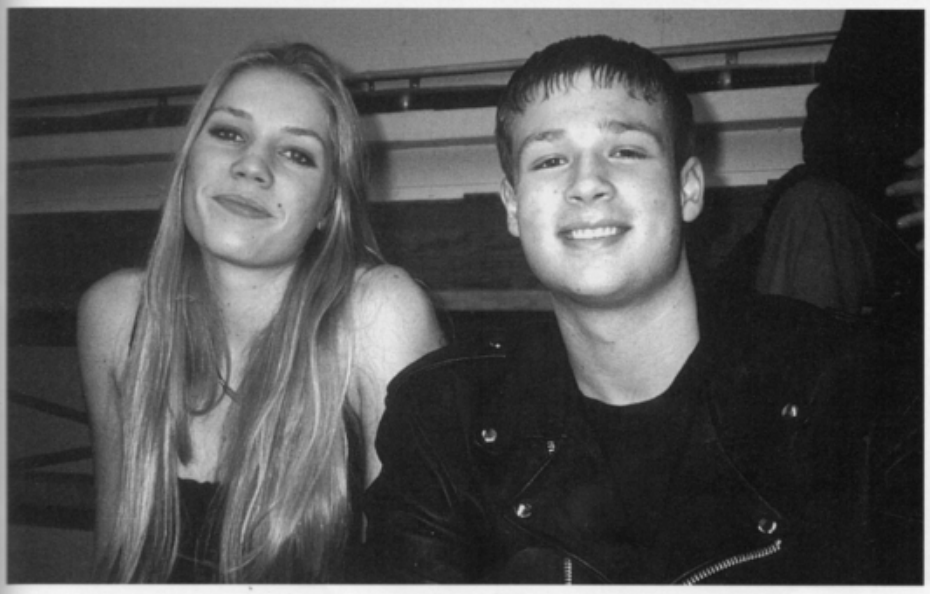
Chris Emerson: M.E. thanx for 2 years of fun, yelping fun. Ride em cowgirl! J/M yes bug's heaters don't work. To S/M dump her. Andrea maybe someday. K.J. thanx for taking cooking class. Thanx to all those girls who's casual smiles made my day a lot brighter and yes I will be on time one day. To the grade 11's keep the exotic mold and fruit fly breeding tradition alive. Chris's last words "It's a trip. It's got a phunky beat and I can bug out to it " (B. Boys)

Jodi Truscott: Dance in the rain. Drink vata teal If you make a mistake, forgive yourself. Be yourself. Love yourself. Have logically illogical spontaneous outbursts. Delight in simple pleasures. Meditate. Try new things. Take healthy risks. Run around downtown dressed like a clown. Paint your shoes. Surprise people. Contradict yourself on purpose. Go with the flow. Go against the grain. Walk barefoot on the beach. Swim in the bioluminescence. Take afternoon naps. Hug everybody. Be genuine. Be accepting. Believe in things you can't see. Remember old friends. Hey... remember me.









Kathy Laughton: I want to make this short. Good-bye to school and math forever! All my love and best wishes to S.J., S.T. and J.F. Let's stay in touch. See ya around!

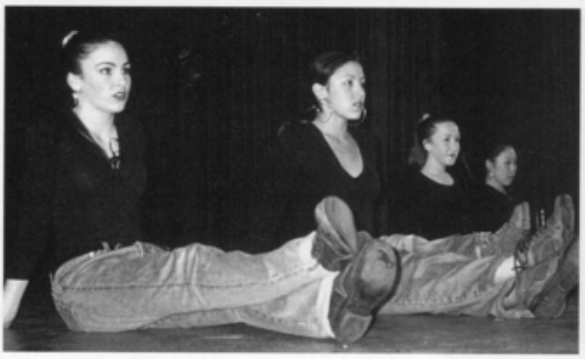
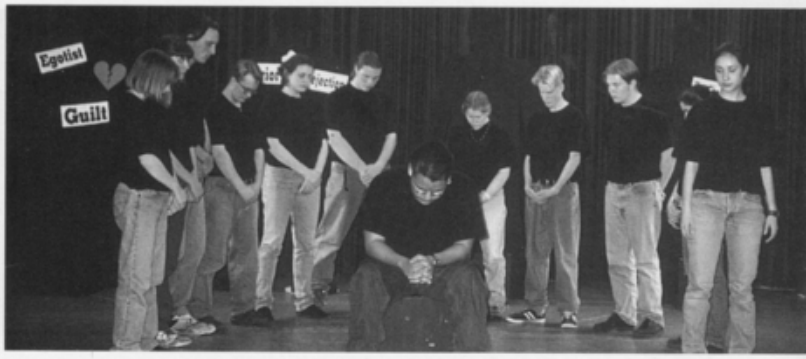
Everyone of us helps to
celebrate our difference. . .
Every Day. . .
Every Student counts. . .
Every Member of the Macrocosm
has a dream. . .





On Monday, August 7, 1876, in the old District School House on the School Reserve, the first students began to enroll themselves in what has grown to become a very proud tradition - Victoria High School. One hundred years later L. J. Wallace very accurately described the evolving character of our Macrocosm:

The character of Victoria High School, or any similar institution for that matter, is the result of a combination of influences: the principals, the staff, the students, the actual building housing it, the community, and the society in which it develops, all mixed and mellowed through the years. It is not a static thing, but ever changing, though slowly, as new individuals and conditions impose their stamp.

What we may now identify as eccentric anthropoids will mellow and mix into an ongoing tradition. Our Macrocosm of 94 / 95 individuals and conditions at Victoria High School have imposed their stamp. We have been influenced by the previous 119 years of achievement and we know that our efforts will contribute to those who follow us. This volume, through pictures and text, provides tangible evidence of our accomplishments - Every Day... Every Student counts.

Victoria High School

Founded 1876

Victoria High School is the oldest public high school in North America west of Winnipeg and north of San Francisco. It was opened on August 7, 1876, to a class of twelve girls and twenty-two boys. The first Victoria High School was a log building with two classrooms, located on the grounds of Central Jr. Secondary. By 1882, the facilities of the log building were inadequate and a new building, later known as Boys' Central School, was opened. On May 1, 1914, the fourth Victoria High was opened on the new location, Grant at Camosun. The Fairey Technical-Vocational Unit was opened in 1949, and the main building was enlarged in 1956. These buildings, with their extensive grounds and ongoing renovations, provide first class facilities for our student body for now and into the future.
